City of Menifee receives distinguished designation of Top Workplace for 2018

MENIFEE - The City of Menifee is honored to announce that it has been named as a 2018 Top Workplace in the Inland Empire by the Press Enterprise. City of Menifee was ranked a Top Workplace in the small business category as one of 40 businesses out of over 800 that were surveyed. "This award serves as well-deserved praise of our public employees in light of being recognized as the fastest growing City with over 145 active projects in the City, and over 400 new planning applications annually," said City Manager Armando Villa. "Our employees continue to make Menifee shine as an energetic, and great place to work." Villa continues, "They consistently go above and beyond for our residents, and each other, and I am fortunate enough to witness everyday their creativity, perseverance, and integrity for the work they do here."

The Top Workplaces program was set up by Energage back in 2006, along with Inland News Group/Press Enterprise, and is based on the belief that "the most successful companies are the ones that employees believe in." A company's designation and ranking as a Top Workplace is determined and calculated by Energage's Workplace Dynamics- a leading research firm on organization health and employee engagement-based on employee responses to its tried and tested survey. Each year over a million people complete the survey about their respective organizations. Survey questions ask employees to rate the company on such topics such as benefits, leadership, training, compensation, and most important, workplace culture.

"As a Council we are proud of our City Staff, and the work they do for our growing community. It is also a testament to our new City Manager Armando Villa and the workplace culture he has created and encourages among his staff," Said Mayor Bill Zimmerman. "He has continuously conveyed that with all the booming development in the City and the large workload, that his staff still take the necessary time to enjoy their colleagues and the work they accomplish collectively, as well as feel appreciated for their contributions, and that they believe in the work they do and how its impact on the community is increasing the quality of life for our residents, businesses and visitors," continued Mayor Zimmerman. "And Mr. Villa and his Executive Team have done just that."

ABOUT MENIFEE: *Situated in the heart of southern Riverside County along Interstate 215, Menifee is a vibrant, new city of more than 90,000 residents who enjoy a pleasant year-round climate, abundant recreational offerings, reasonably priced housing and convenient proximity to some of Southern California’s premiere attractions and employment centers. Within its 50 square miles, Menifee’s business, retail and entertainment outlets are starting to shape the community’s character and this growing economic base is also contributing favorably to the city’s strong financial position. Menifee’s growing family-oriented population values the city’s ongoing commitment to public safety, community events and smart growth for the future. All of these elements are working together to support the city’s strategic vision to make Menifee one of the state’s most promising new cities.*
