### **Menifee Global Medical Center Honored as Business Spotlight**

**Menifee, CA** – The Menifee Global Medical Center was honored during the Oct. 2 City Council meeting by the City’s Economic Development Department as the Business Spotlight for the month of October. The community hospital, part of the KPC Health hospital system, has invested more than \$2.5 million into its Menifee location in recent years.

“Menifee Global Medical Center/KPC Health is truly a valued City partner,” said Economic Development Director, Gina Gonzalez. “Through continued job creation, economic investment in Menifee and the consistent delivery of quality healthcare, the hospital has remained consistent in its dedication to helping Menifee and its residents thrive.”

“Menifee Global Medical Center is truly your hospital in the community,” said KPC Healthy System CEO, Peter Baronoff. He also announced that KPC Health is looking to add a medical school in Southern California in the future and has identified Menifee as one of three finalists for a potential location for the school. “Medical schools bring a variety of important needs to a community,” continued Baronoff. “The economic benefit is amazingly substantial,” he concluded, while also highlighting the community health benefits of potentially bringing highly trained medical professionals to the City.

The City of Menifee’s [Business Spotlight program](#) is a FREE business recognition program designed to create awareness about the variety of local businesses and their contributions to the Menifee community and region. Featured businesses are recognized at a City Council meeting and highlighted on [MenifeeBusiness.com](#). Additionally, businesses are awarded a 30-second professional video production created by the Department of Economic Development that will be showcased on the City’s website, social media platforms, and given to the business with rights to use as needed to promote their business.
