3. Current Topics of Discussion

3.1. Banners at Parks

Rob Johnson has ordered the two banners, one to be displayed at La Ladera Park and one to be displayed at Wheatfield Park. Carla Henderson, Census2010 representative, received the order and would follow up with Rob by Wednesday, March 24, 2010 on their date of arrival.

3.2. Enumerator Training

Rob reported that City Hall will be available to the Census Bureau for 6 hour Enumerator training sessions on four dates (26th, 28th, 29th, and 30th) in April.

3.3. Confirmation of Census2010 Attendance at Future Events

Rob Johnson provided a handout showing the Be Counted sites and the events at which Information booths will be set up, decided upon by the U.S. Census Bureau, as a follow-up to March 8 reports and suggestions, made by other MCAC members. The minutes of the first meeting were read and approved.

4. Discussion and Scheduling of Next Meeting

Rob Johnson, representing the City of Menifee, reported that the council members have not yet stated in which direction they intend to guide us. Rob was asked to clarify the types of discussions we may have, while remaining within the limits set by the Brown Act. Mr. Rosen maintains that items discussed must first be on the agenda. It was decided that updates of previously discussed items are covered.

It was further decided that members who wish to have an item placed on the agenda will notify secretary one week prior to meeting, in order to allow time for her to formulate the items for transmission to Rob, to be placed on the agenda prepared by him.

Leah McGee reported that the presentation of Census 2010 information was very well received at the first Spanish Crime Watch meeting in Quail Valley, due especially to the efforts of Elisabeth Limon, chair of the Crime Watch meeting, who created an almost instant rapport between the committee and the attendees. Further promotion of Census 2010 will take place at the upcoming, Community Cleanup in Quail Valley, which is a Community Awareness Event, sponsored by the City of Menifee.

Marty Rosen's update on GPAC was tabled until our next meeting.

Minutes of the February 22, March 8 and March 22 meetings will be approved at next meeting.

After discussion, it was moved (Ordonez) and seconded (Giedroyce) that the next meeting take place on Monday, April 5, with regular monthly meeting dates to be decided.

5. Adjourn

It was moved and seconded that our next meeting be March 22. The meeting was adjourned at 6:54 p.m.

Respectfully submitted,
Nan Miller, Sec'y
