Final Days to Complete City of Menifee Community Housing Survey

MENIFEE, CA—What do you want housing in Menifee to look like? What types of housing do we need? The City of Menifee would like to hear from you!

The City of Menifee invites residents to complete the Menifee Housing Element Update Survey. The survey only takes a few minutes to complete and can be accessed at <https://menifeehousingsurvey.metroquest.com/>. The survey was released to the public in late September and closes this Friday, November 20, 2020.

The survey is intended to obtain valuable input from the community for the update to the Housing Element of the City of Menifee General Plan. Information provided through virtual workshops and online surveys will help the City understand which housing issues are most important to the community and address Menifee's housing needs. With the input received, the Housing Element will include policies, programs, and objectives reflective of the community to guide future housing growth.

An adequate supply of quality housing available for the entire community is fundamental to the economic and social well-being of Menifee, its residents, and the economy. The City of Menifee encourages all residents to get involved in making Menifee an incredible place to live, work, and play. For more information on the Housing Element Update process, please visit our Housing Element Update [webpage](#).
