FIRE WATCH

Riverside County Fire Department-FIRE PREVENTION STANDARD FPS 06-02

This guideline is a summary of Fire Department clarifications of County and State Codes. Information contained herein applies to typical circumstances and may not address all situations. Code References 2019 California Fire Code Chapter 9, Section 901.7

Background

The Menifee Fire Department-Office of the Fire Marshal enforces the California Fire Code for fire watch conditions when a building/premises presents a hazard to life or property as the result of construction, alteration, demolition, fire or other emergency, or when any fire protection equipment/system has been rendered inoperable. The fire watch is used to mitigate a hazardous condition which if not corrected, would normally require the evacuation of the structure or a portion thereof.

Fire Watch

Trained personnel shall be provided to serve as an on-site fire watch. Fire watch personnel shall be provided with not fewer than one approved means for notification of the fire department, and the sole duty of such personnel shall be to perform constant patrols and watch for the occurrence of fire. The combination of fire watch duties and site security duties is acceptable. Fire watch personnel shall be trained in the use of portable fire extinguishers.

Procedure

When conditions occur, which necessitate the activation of a fire watch, the following guidelines shall be utilized.

RESPONSIBILITY FOR INSTRUCTION:

The owner, manager, or person in charge or control of the building premises shall assign to the fire watch as many personnel as are required, and shall instruct fire watch personnel as to:

1. The procedure for notifying the Fire Department
2. The areas to be patrolled
3. A method of alerting building occupants and an evacuation procedure
4. Training necessary to insure Fire Watch personnel are capable of reactivating disabled systems, when required.

Any special instructions required by either the Menifee Fire Department-Office of the Fire Marshal and/or the State Fire Marshal.

LOGBOOK:

Complete and retain for inspection by Menifee Fire Department-Office of the Fire Marshal and/or the State Fire Marshal.

1. The owner, manager, or person in charge or control of the premises shall provide a logbook, which contains a directory of names, telephone numbers, and other information to assist in making emergency calls. The logbook shall be the document used to record a history of patrol rounds.

2. The logbook shall be maintained on the premises and be available for inspection by the authority having jurisdiction (Menifee Fire Department and/or the State Fire Marshal.)

Assigned fire watch personnel shall:

1. Not be used for building or site security.
2. Have a device to contact/notify the fire department immediately.
3. Have a method of alerting the building occupants and an evacuation procedure.
4. Be thoroughly familiar with the area(s) they are patrolling.
5. Perform patrol operations according to instructions from the Menifee Fire Department and/or the State Fire Marshal.
6. Patrol their designated area at least once each hour.
7. Make reports as instructed. A written record of patrol rounds and any significant information shall be recorded in a logbook provided by management.
8. Relay any special orders or pertinent information to relief personnel and management.
9. Remain on duty until properly relieved.
10. The entire building/facility, all rooms (offices, spaces, areas) including basements, penthouses, shall be checked per item "6" above unless otherwise specified by Menifee Fire Department and/or the State Fire Marshal.

Terminating Fire Watch

The fire watch conditions shall not be terminated until all fire protection equipment/system(s) have been rendered operable and tested by a licensed technician and approved by the Menifee Fire Department. FAILURE TO COMPLY MAY RESULT IN LEGAL ACTION.

Received By: _____ Title: _____
